

## Invitation to Arctic Alta ski & fatbike festival 25th - 2 February 6th

Tverrelvdalen IL has the pleasure of inviting you to a ski&fatbikeevent on Saturday 25<sup>th</sup> and Sunday 26<sup>th</sup> of February 2023.

Our goal is to create a big endurance event for Troms and Finnmark with high women's, children and youth participation and in addition to include several of the companies in Alta on the ski relay.

The Arctic Alta Ski Marathon is also part of the Ski Classics Challenger series where one counting Challenger race can give up to 50 points to bring into the Ski Classics battle for the yellow jersey.

The trail has been improved this year so that it requires less snow and will be prepared with a grooming machine all the way. On the fatbike race, snowmobiles and plows are also used.

NB! The trail crosses several road and snowmobile trails, and follows road and snowmobile trails in places. The trail is subject to application and approval for road crossings, and we have trail guards in several places to ensure traffic safety at the event.

Nevertheless, we encourage everyone to show consideration both in traffic and for each other during the competitions.

#### Night

Our main sponsor Æventyr offers great accommodation at [canyon hotel in the city center](#) or also very good accomodation experience at [Gargia Lodge outside Alta](#), just a few km from midway through the trail.

Our trail sponsor [Bjørnfjell Lodge](#) offers very nice accommodation about 15 km outside the center of Alta, also in connection to the alpine slopes.

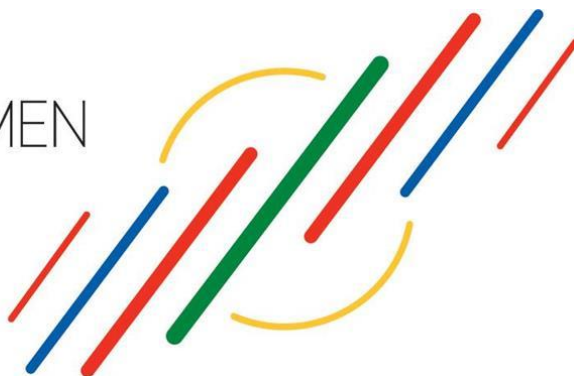

We would like to thank all our sponsors, volunteers and partners and we wish all our participants the best of luck with this winter's edition of the Arctic Alta Ski & Fabike Festival!

Greeting
